

YOU  
CAN BE A PART  
OF SOMETHING  
BEAUTIFUL!

HELPING HANDS

Food Bank | Skagit County

## See how YOU can feed one person for \$12.50 a month!

Dear «Formal Name»,

Last year, seven year old Emily Thompson was diagnosed with a rare auto-inflammatory disease. Her parents, Kevin and Mary, were struggling to provide for their family of six.

The medical bills to pay for her recovery quickly began to pile up. Kevin had to take an out of state job to make ends meet. Meanwhile, at home, Mary was heartbroken to find that her family did not qualify for food stamps or government benefits.

*How could this be happening? They had always worked hard to take care of themselves and their children. It used to be enough.*

Mary knew they just need a little help to get back on their feet.

**Your generous donation of \$12.50 will help begin the Thompson's journey back to financial stability and security with one box of food.**

**“What I got was so much more than a box of food. I found Hope. No Judgement. No Embarrassment. Just a ‘how can we help your family get through this,’ attitude. Thank you for bringing humanity into a tough world.”**

**- Mary Thompson, Mother of Four**

Your compassionate support for this family ensured they were provided with nourishing food to help rebuild their foundation for a more stable future.

With the help of people like you, there is no good reason for a family to go hungry in our community. We cannot thank you enough for your kindness and compassion!

**Your generous donation of \$12.50 by July 15th will provide one person with 4 boxes of food this month.**

Thank you for offering a helping hand to local families who just need a little extra kindness and compassion to get back on their feet.

With gratitude,

*Rebecca Schlaht*
